Dear Sir/Madam,

Subject: Selection of suitable technology partner for design & manufacture of Air Separation Unit (ASU) by BHEL under a licensing agreement

Bharat Heavy Electricals Limited (BHEL), a Maharatna CPSE, is looking to enter into a technology license agreement for design, engineer, manufacture, assemble, quality control, test, supply, install, erect, commission, repair, service and retrofit state of the art Air Separation Unit (ASU) to meet market requirements.

In this regard, BHEL has floated an Expression of Interest (Eoi) seeking response from Original Equipment Manufacturers (OEMs) who own the technology and would be prepared to discuss with BHEL regarding transfer of technology for the ASU.

We seek your kind support in further circulation of this Eoi document, to the companies engaged in this business, so that BHEL can receive a wider response.

Thanking you,

Yours sincerely,

(Shakil Kumar Manocha)
